HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

Peer Community In Archaeology

Free and transparent evaluation and recommendation of preprints

WHY?

Current publication system

- too expensive
- not transparent

Preprints

- free
- but not peer-reviewed

WHAT?

Communities of researchers peer reviewing and recommending preprints deposited in archives
