HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers. L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

Evaluation of the impact of preventive information on natural risks with original immersive tools

I²PRI project : impact of preventive information

Beck E., André-Poyaud I., Arnaud A., Borelly A., Chionne D., Duché S., Gaïdatzis C., Grancher D., Jacquemet E., Lutoff S., Revol C., Robinet N., Servet P. - Univ. Grenoble Alpes, Pacte Laboratory - Contact: elise.beck@univ-grenoble-alpes.fr EGU2020-18491

1. Risk communication: various tools exist in France

2. Which impact?

- Do informed people know better how to behave?
- Which information tool is efficient?

3. « Safe and Sound? »

A tool to evaluate the impact of risk communication on people's knowledge and behaviour in the case of a real event

4. A video game and a play for one person

Based on flood and earthquake scenarios

+

observation and debriefing protocols

5. Allow to:

- Create dilemma situations
- Put into situation
- Go beyond questionnaires

o se dont aca.

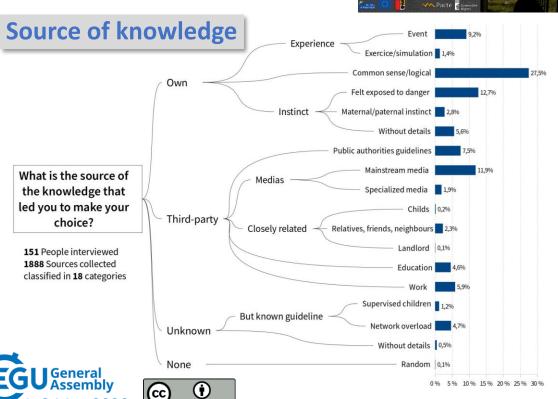

Evaluation of the impact of preventive information on natural risks with original immersive tools

Beck et al., I²PRI Project EGU2020-18491

The experiment in figures

- 6 French alpine municipalities
 Grenoble Claix Meylan, Aiguilles,
 Ceillac, La Roche de Rame
- 18 days of surveys in 2019
- 217 participants

8 May 2020

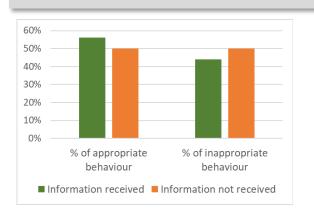

SAIN ET SAUF? VENEZ VIVRE UNE EXPÉRIENCE INÉDITE Venez vous entrainer et tester vos réflexes face aux risques naturels grâce à un jeu vidéo et un spectacle pour un spectateur. Faites progresser la recherche sur la prévention des risques grâce à des outils inédits et ludiques créés dans le cadre du projet l'PRI de l'Université Grenoble-Alpes. Durde de l'expérience: 45 minutes 29 - 30 m ars 2019 3 - 4 avril 2019 SALLE ROCHEFORT PLACE DU PETIT ROCHEFORT, CLAIX Inscriptions: https://www.pacte-grenoble-f/actualites/sain-et-sauf Informations: pacte-projet-i2pri@univ-grenoble-alpes.fr

Side effects

- An interesting tool for raising awareness among the population
- Emotions caused by the experiment:

désir de bien faire attente inquiétude tristesse entire dilemme inquiétude tristesse entire dépassée surprise frissons gêne stress perdu douteblocage frustration confusion instinct parental angoisse souvenir amusement déconcerté

Impact of preventive information on behaviours

Perspectives

- · Recommendations for stakeholders
- Evaluation protocol + user guide
